**Subject:** Springpole Gold Project - Participation in Socio-economic Study

Good Afternoon,

On behalf of Steve Lines, please find attached a letter to invite your participation in a socio-economic study being completed by Wood Environment and Infrastructure, on behalf of First Mining Gold, as part of the Springpole Gold Project environmental assessment. A key component to the environmental assessment process is to collect information to help us understand the current social and economic conditions.

Marian Tibor-McMahon from Wood's Human Environment Team, who is cc'd here, will be following up with you to provide further information on this process, and can answer any questions you may have. She will be looking to schedule a phone call or virtual meeting with you if possible and will be in touch regarding this.

Further details are provided in the attached letter. Please let us know if you have any questions or concerns.

Best Regards,

**Meghan Bertenshaw**  
Project Manager, Environmental Assessment
